June 26, 2015

CIRCULAR

Organ donation is the donation of biological tissue or an organ of the human body, from a living or dead person to a living recipient in need of a transplantation.

Organ donation takes healthy organs and tissues from one person for transplantation into another. Experts say that the organs from one donor can save or help as many as 50 people. The concept of organ donation thus has not only gained impetus but has created an additional need of donated organs towards saving many lives or making a healthy physical life.

At a meeting of JBVC (Joint Board of Vice Chancellors) held on 3rd September 2013 it was resolved all the public Universities shall incorporate Organ Donation Pledges on Student ID Cards which will help in improve the status of Organ Donation in the state and also inculcate a sense of social responsibility among the youth.

All HOD's/Principals of conducted and affiliated colleges are instructed to organize a motivating speech on "Organ Donation" for their staff and students as well as incorporate Organ Donation Pledge on ID Cards of staffs/students who shall volunteer.

You are advised to call upon social workers, doctors or any such renowned personalities of your area, who's speech on "Organ Donation" can make a social impact on the audience.

Kindly send the report of action taken by you to the undersigned within one month of the start of your department/college.

(Dr. Madhura Kesarkar)
Director

Board of Colleges and University Development

To,
All the HOD's/Principals of conducted & affiliated colleges
