2nd December, 2015

Dear Sir/Madam,

The National Knowledge Network (NKN) project was established with an aim of establishing a strong and robust Indian network which will be capable of providing secure and reliable connectivity. One of the objectives of this project is to connect all universities, research institutions, libraries, laboratories, healthcare and agricultural institutions across the country to bring about a knowledge revolution that will be instrumental in transforming society and promoting inclusive growth.

I hope that your esteemed University as well as affiliated colleges would have been connected with National Knowledge Network. If not, kindly intimate the reasons thereof. In case you are facing any difficulty in availing this facility, kindly provide your feedback about the facility whether you are satisfied or not.

You are, therefore, requested to kindly send your valuable feedback to UGC by email on ugc.nkn@gmail.com immediately to enable the NKN team to further improve this important facility, if required.

With kind regards,

Yours sincerely,

(Jaspal S. Sandhu)
